

1. In the beginning, there was the **Green Hut**.
2. Since 2020, the area has been unsafe and unused

3. Now, the site is being cleared and made safe - we are working towards the **Cherry Hinton Community Garden** aka the **Green Not Hut!** The Garden will be a multi-purpose space for Cherry Hinton CofE Primary School and the whole community (access times TBC). It will be a calm and relaxing space to meet friends and neighbours, read, chat, sing, play, learn, think, grow, watch the butterflies...

Thank you and we look forward to welcoming you to the **Green Not Hut** very soon!
